Buffalo Dunes Golf Course

Buffalo Dunes, which opened in 1976, will celebrate its 50th anniversary in 2026. The course is wrapping up a significant six-year renovation focused on course improvements, efficiency, and water conservation.

Remarkably, the Buffalo Dunes Golf Course Maintenance Staff is managing most of the project, assisted by one architect and a remarkable group of dedicated employees and volunteers! They grew their own bent grass for the greens and incorporated native grasses and wildflowers to reduce water usage and mowing needs.

This renovation would not have been possible without the amazing support of the community of Garden City! Stay tuned for special events and involvement opportunities at Buffalo Dunes!

A big thank you and congratulations to our dedicated employees and the many volunteers who made this project possible!
