1	We have limited water resources. Are businesses and city leaders making efforts to address this or are they just concerned with expanding the community and businesses?	8/16/2021 7:47 PM
2	More shade areas and innovative art work including murals	8/16/2021 12:29 PM
3	It would be great to refurbish historic properties so there are more museum-type opportunities available, more restaurants, antiques, and expansion of downtown activities to include area south of Fulton to the river	8/16/2021 11:37 AM
4	none	8/16/2021 11:27 AM
5	I really appreciate what the city has done to improve the look of various entrances into town, landscaping wise. Also, I really like seeing people doing things downtown, whatever it might be. I think it was a great choice to do the swimming pool, what a great attraction. I think we need to continue to upgrade the locations that bring people in to town to spend money. The zoo and Finnup park, Buffalo Dunes, and even more kids baseball, softball, soccer, basketball, volleyball, tournaments. Those are the greatest potential for bringing folks in to shop, eat, spend the night, etc. Spend the money there please. Also, continue to recruit industrial type business as well as retail and food services. I love Garden City and the forward thinking being done by City Government.	8/16/2021 9:42 AM
6	More laid back social gatherings. As a community, we are a family - past, present and future. ~ Roy E Dixon	8/16/2021 9:20 AM
7	This is a great town with so much potential. I think all entrances into garden city need to be cleaned up to where it looks very attractive. There are so many little things this town does not do to where a lot of parts of town do not look clean at all..things as little as tall grass on side walks and trash in ditches..no landscaping.	8/16/2021 9:19 AM

9	None at this time.	8/16/2021 6:44 AM
10	I think the city has had great leadership and direction over the last several years. Improving "travelability" throughout the city would be great. Smooth roads would be a huge plus. The housing is a big issue. Prices are so high, it's pricing out many families willing to buy and settle down. Short term living is good for growth but bad for creating an established community. Additionally, there are many large corporations willing to relocate to cities with lower costs of living. The city is poised to take advantage of that business climate. If you can provide a quarter block of office space for \$12,000 - \$20,000 a month, there would be takers.	8/15/2021 11:13 PM
11	Nothing	8/15/2021 7:51 PM
12	Get a grip on crime, street racers, and more affordable housing by far.	8/15/2021 2:06 PM
13	Housing & rental prices are outrageously expensive for the quality; 1970s style with 2030 prices is NOT affordable, get it in check.	8/15/2021 8:17 AM
14	It has to incentivize people to bring their business and stay. Not simply sky high rent or taxes but a win win for both the patrons and the Business owners.	8/15/2021 6:22 AM
15	It would be nice to have downtown events and activities during the week also, not just on weekends. So many people work weekends and/or two jobs. I personally feel left out because I miss many events due to work	8/14/2021 11:43 PM
16	Use real brick on downtown walkways. The stamped concrete looks cheap.	8/14/2021 11:38 PM
17	1. A variety of boutiques or speciality shops or gift shops would attractore people downtown. 2.	8/14/2021 8:10 PM

its going to get worst with traffic. I also feel we don't care so much about affordable house. 200K is not 'affordable' in anyway.

104	We are in a mentality that "we need housing" so the capitalist jump on it to make a buck, don't care about the developments just want to crank it out to get the cash. No thought about the people, or even trying to make the development good (ie. Northborough Addition)	6/4/2021 2:58 PM

115	Make the arkansas river the center of garden city. Let the water flow ang glow by downtown and also move residential homes and businesses down to that area instead of going far away from it. There is nothing that you do or we do that makes garden city more attractive and beautiful than if we do not make use of the arkansas river. If approved, controlling the flow rate of the water stream is going to be another challenge, but worth it! The arkansas river historically may ahve flooded the downtown are of garden city but eve towns that gets destroyed by hurricane and all sort of natural disaster always continue to strive across the globe. So why garden city be shutting down the water in fear of the flood again? The arkansa river makes the difference. Make use if it. Thank you and Good luck!	6/3/2021 10:55 AM

230	Overbearing regulations (i.e. signage, etc.) are KILLING Garden City business. Other communities have vibrant downtowns. GC only gets worse. The taxes are ridiculous. Between GC & Finney County, the permitting is nearly impossible. We were actively shopping for a home in the \$300,000 range, but due to the political overreach and taxation, in March, we purchased property in a nearby county to build on. We will be selling our GC property. The schools are under-performing. I LOVE the people, and I LOVE the diversity, but we are leaving.	4/30/2021 7:08 PM

266	While the community is diverse, no one talks or acknowledges the diversity. And this creates some racial disparities and BIPOC are typically left out of future planning. So make sure you are making this survey accessible to all communities. And create a downtown environment that isn't over policed, is full of BIPOC art and BIPOC owned bars and restaurants, and create a safe space for people who are LGBTQIA. This should be a city wide change lead by People of Color since they are what makes Garden City the vibrant community it is. Plus, the only good food is from those communities. It's time to lead by example in Southwestern KS and center some non-white perspectives.	4/29/2021 7:57 AM

I believe having a Dave and Busters would attract so many adults who like to hangout at night and have drinks or whatnot. 658	What makes Garden City special, is that it's a small town with plenty to offer, and has a small town feel. Compared to other towns with same population, they don't have what Garden has(stores,zoo,shopping.) I think Garden City is fine where it's at right now with food, entertainment, etc. With that being said I do think Garden needs to improve its community safety and quality such as; the drugs, schools issues, crimes/theft, etc. Improve the safety, and do something to stop/reduce drug and violence. Kids are the future, and who lives there now is what keeps Garden going. Offer more ways to help those who need help. Events or something to keep kids off the streets. Family Counseling/therapy. Events. Teachers and police that don't discriminate. Why is there so much auto theft? Drugs? Why are students complaining about schools and teachers? Then after that Garden needs more housing and either affordability housing or other options(condos, apartments) . Can't grow if people can't find where to live. Then better job opportunities, or commercial land development. Can't grow if people can't pursue their business/ideas. Garden needs a safe community first and far most, so the people will stay. Then more opportunities for them To grow. Businesses can't grow with not enough people.	4/22/2021 12:35 AM

681	Little confused to the historic portion (#14 has "Somewhat Important" Repeated twice). Of course I consider our historic landmarks important. In the case of the Windsor, I would be completely opposed to destroying such a building, but I wonder about trying to preserve the building using the same materials when we have newer materials at a better price point (maybe not in 2021) that can have a much longer life than the original did? And possibly we utilize some of the interior structures in the new building (such as maybe a staircase). With the pool - I grew up with it. It was sad to see it go. Lots of memories. But I also recognize we have new people who don't share my sentimental value and tourists who want something new. I need to not let my desires for my good ol' days interfere with the growth of our community. In this respect, I give higher priority to growth.	4/21/2021 2:55 PM

703	We need more affordable housing. The price of the housing market is out of control. We'll never be able to attract young singles or people right out of college if there are no affordable starter homes. When my husband and I moved in together 10 years ago, 80,000 was our max budget and couldn't imagine going higher than that. Today, our first house is worth over 125,000 and I haven't seen wages increase with the housing prices. And renting is completely out of the question when that starts at 1,200 a month. I love this community but we can't continue to grow until we address that very basic need.	4/21/2021 12:47 PM

790	Every time I hear the word "Garden" I imagine green colors open space with natural beauty and wonder. I don't like seeing the pollution on the streets and I don't like seeing that the homing electricity outlasted it's expectancy. Garden is old but new generations are coming in and garden does not need to grow but garden can be more enjoyable to a variety of people.	4/19/2021 9:28 AM

Converting the windsor hotel into apartments/loft spaces with a great common area to hang out in with pool tables, ping pong tables and such. Along with more restaurant/bars to enjoy downtown. Maybe the old Sears building can be a trampoline park its pretty big and it would be more bussiness to more of the center of GC then just the newly built. Main street can be more of a bar gift shop historical area more adult area. Garden City has so much to offer. Just need to keep in mind all ages genders and how can we make Garden City grow but at the same time keep it a samll town feel. But also think of when people visit GC what does GC has to offer. Some changes have been hard, as we struggle with wanting a small town feel of safety, yet are growing into a large town regional hub. All of these are in absolutely horrible condition I avoid driving these roads whenever possible because it is extremely hard on vehicles. When it rains the puddles/pot holes are literally 6" deep its ridiculous. I must say the concrete company that redid the campus/kansas and campus/fulton intersections did a excellent job!! Nice and smooth! I would definitely say they have a lot more work to do in Garden City. Overall, our roads in this town are in very poor condition compared to other towns/states.	3/12/2021 9:43 PM
